Hair SPA

MORPHOSIS CONCEPT

Scientific research, cutting-edge technology and traditional cosmetics are the ingredient mix that the MORPHOSIS philosophy is based on. MORPHOSIS is a constantly evolving and complete treatment line for scalp and hair, because it follows cosmetology discoveries closely. Framesi, since 1945 exclusive partner of Hairdresser Salons, wanted to give with MORPHOSIS Hair Treatment Line, an instrument rich in natural ingredients to help scalp and hair recover balance, well-being and protection.

OUR SERVICES

DENSIFYING ANTI-HAIR LOSS* PATH FOR SENSITIVE SCALP

Stress, changing seasons, cell ageing are just some of the causes of weakness, thinning and loss of hair. An important problem, often associated with increased scalp sensitivity in women. In this case action must include a densifying treatment to block hair loss, stimulate natural regrowth and give the scalp relief by re-activating blood oxygenation and micro-circulation.

Price: SAR. 150.00 (20 MINUTES)

CALMING, DETOX PATH

When the scalp is very sensitive, reddening and chapping treatment application can be unpleasant. Skin sensitivity is a widespread problem, often associated with seborrhea and dandruff that increase the itching and tickling sensation. Other factors causing it are skin pathologies, changes in temperature and stress. To reduce skin tension and mitigate discomfort strengthening cell defenses, delicate, balanced products rich in decongestant main principles are ideal, always applied with gentle movements and in regular cycles

Price: SAR. 115.00 (20 MINUTES)

REINFORCING ANTI-HAIR LOSS* PATH FOR OILY SCALP

Loss of hair can be caused by non-receptive follicles because they are blocked by excessive sebum. An oily scalp stops the hair bulb from functioning normally so it produces a hair that gets thinner and thinner and weaker. The hair loss and oily scalp combination is very frequent in men. In this case, improved scalp hydration and oxygenation must be associated with the sebum-rebalancing action of specific main principles

Price: SAR. 150.00 (20 MINUTES)

PURIFYING ANTI-DANDRUFF PATH

Of the various hair problems, dandruff is what causes the most discomfort; besides being itchy and irritated, it is visible. Dandruff is eliminated effectively with constant, non aggressive care, restoring the scalp's hydro-lipidic balance, purifying it of the impurities that stops oxygenation. Even lengths that tend to sag and be electrostatic benefit immediately.

Price: SAR. 130.00 (25 MINUTES)

REBALANCING PATH FOR OILY SCALP

Sebaceous glands do not distribute uniformly, but are more abundant and productive on the face and scalp. When the production of sebum is excessive, the skin looks impure and easily irritable and the bulb becomes asphyctic causing hair to thin and fall out. To specifically cleanse oily scalp, a delicate surfactant system that restores the hydro-lipid barrier balance and soothes itching and redness is ideal.

Price: SAR. 130.00 **(25 MINUTES)**

INTENSIVE REPAIRING PATH

Thanks to a treatment based on sunflower seed oil, rich in precious Omega-6, each hair part benefits: more energy to the bulb, more protection to the hair surface, new intra-cellular cuticle cement, compensation for the lipidic losses of the hair cortex fibres.

Price: SAR. 115.00 **(20 MINUTES)**

HYDRATING PATH FOR DRY SCALP AND HAIR

When scalp and hair are particularly dry they need constant hydration and nourishment; both to fight the harmful effects of external agents and smog, and to preserve manageability and softness. For a deep conditioning action and exceptional results in softness and shine, nothing is more effective than oils: precious natural extracts that traditional cosmetics makes available for the most advanced trichology.

Price: SAR. 115.00 **(20 MINUTES)**

COLOR PROTECTION PATH

Sunlight, hair-dryer and straightening iron heat, the resulting dehydration and smog do not just damage the hair structure also color which tends to weaken and fade early. Thus the need to use specific products that are delicate on color molecules and strong against external agents. The best protection is the Seaweed Corallina Officinalis, "specialized in defending the color of corals.

Price: SAR. 110.00 **(15 MINUTES)**

TOTAL REGENERATION PATH

Damaged, difficult to comb, with no body and volume and opaque despite great care. In this case, in-depth reconstruction is needed, possible only with highly concentrated main principles. The Framesi Research Labs have created MORPHOSIS RE-STRUCTURE, the exclusively professional intensive treatment to reconstruct and regenerate the shaft. Specialist sessions in the salon, followed by maintenance at home, ensure exceptional results thanks to formulas rich in precious, effective ingredients.

Price: SAR. 195.00 **(70 MINUTES)**

INSTANT LUXURY PATH FOR SUPREME CARE

When hair needs instant treatment to give the shaft surface back vitality, nourishment and uniformity, that is the moment for Morphosis Ultimate Care: the luxury treatment line that gives hair back supreme beauty and luminosity, in a few intense minutes. With Total-Care Complex, lotus flower extract and Color-Save technology. Hydrate in depth, fill pores, close cuticles and smooth the hair surface

Nail extension

AcryLOVE poly-acrylic-gel combines the best qualities of acrylic and gel in a single product. In terms of technique, AcryLOVE is exactly like acrylic – without the labour-intensive mixing. It is completely odourless and provides an unlimited application time until cured by UV/LED without running off the edges of the nails. After curing, AcryLOVE is ultra-light on the nails, but still harder than classic gel and more flexible than traditional acrylic.

Gel Polish

PROLAQ offers a revolutionary alternative to traditional UV nail polish treatments. By using state-of-the-art plastic bonds in combination with nourishing additional ingredients, PROLAQ stands out from the crowd for more than just its gentle yet uncompromising adhesion. Individual UV base coats offer you the option of applying UV polish for different nail types and different speeds of removal without damaging the nail plate.
